GENERAL INFO

I am a second-year Information System student at The Academic College of Tel-Aviv. Currently seeking a challenging student position in Data Analyst, Implementation Consultant, PMO, other related fields.

EDUCATION

2023 - NOW: THE ACADEMIC COLLEGE OF TEL-AVIV

- B.Sc. in Information System at The Academic College of Tel-Aviv - during my second year.
- Independently explored a Microsoft-provided database for learning purposes, completing online tasks that evolved into final projects showcased on my website.
- Member of the Student Investment Club, participating in discussions on finance, markets, and investment strategies.
- Mentor for first-year students as part of the college's mentorship program.
